DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donald Studebaker on 07/07/04.

The application has been amended as follows:

- Cancel claims 1-9.

Allowable Subject Matter

Claims 10 and 12-18 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The prior art does not disclose or suggest inter alia the limitations of a semiconductor laser device comprising: an etching control layer, which is formed on a first region of a compound semiconductor substrate and has a composition different from a composition of the

substrate; a first semiconductor laser structure, which is defined over the etching control layer and which is made up of a first multiple semiconductor layers including a first active layer with a composition different from that of the etching control layer; and a second semiconductor laser structure, which is defined on a second region of the substrate and which is made up of a second multiple semiconductor layers including a second active layer, wherein no part of the etching control layer exists between the second region of the substrate and the second semiconductor laser structure, wherein the first multiple semiconductor layers are made of III-V compound, said the V element is one selected from the group consisting of As and P, wherein the second multiple semiconductor layers are made of III-V compound, the V element is another selected from the group consisting of As and P, and wherein the etching control layer has a V element different from the V element comprising of the first multiple semiconductor layers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
